Jonas Eide

Product designer · Trondheim · hello@example.com

Experience

Lead designer, Vindkraft Service

2021 – now

I lead four designers. We rebuilt the app technicians use in the turbine, and cut the time to log a repair from nine minutes to two.

Senior designer, Kystlinjen

2017 – 2021

Tickets for forty ferry routes in one flow. Sales on the phone went from a fifth to two thirds.

Designer, Sparebanken

2014 – 2017

The first mobile bank, and the many small fixes after it that people noticed more.

Design intern, then freelance, Various studios in Oslo

2012 – 2014

Websites, signs and one very long annual report. I learnt to finish things.

Education

Master in interaction design, NTNU, Trondheim

2012 – 2014

A thesis on how people read timetables, written with the county’s bus company.

Bachelor in industrial design, Oslo School of Architecture and Design

2009 – 2012

With a term in Delft.

Skills

Research: Interviews, field studies, usability tests, surveys, journey maps

Design: Interaction design, prototyping, visual design, design systems, accessibility (WCAG 2.2)

Tools: Figma, FigJam, Framer, Maze, Dovetail, a little HTML, CSS and Vue

Leading: Hiring, weekly one-to-ones, critiques, roadmaps, workshops with the board
